Recommendation for your RAG

For the best retrieval quality, create a knowledge base with multiple focused documents rather than one large file. A good structure would be:

1. About Madhulata Solutions.pdf
2. Company Profile.pdf
3. Services.pdf
4. Technology Stack.pdf
5. FAQs.pdf
6. Pricing & Engagement Models.pdf
7. Case Studies.pdf
8. Company Policies.pdf
9. Contact Information.pdf

This organization improves chunking and retrieval accuracy when using LangChain with vector search.
